LCD FLAT SCREEN MONITOR AND KEYBOARD REPLACEMENT

Upgrade Features:

- ❖ Replaces the vintage CRT style monitors: VT-340, DFAS computer, and Sony Alignment Monitor
- ❖ Custom brackets designed to allow tilt and height adjustments of LCD monitors
- ❖ Windows based operating system with DEC emulation software installed
- ❖ Cherry keyboard with custom keys

Upgrade Benefits:

- ❖ Consumes less power
- ❖ Brighter image than original CRT monitors
- ❖ Faster refresh rates
- ❖ Unlike CRT monitors, LCD monitors are not affected by burn in or ghosting problems
